CAPABILITY STATEMENT

FEW & FAMILY IT

Custom Public Sector Software Engineering & AWS Cloud Solutions

Few & Family IT delivers comprehensive custom software engineering, full-stack application development, and advanced AWS cloud architecture services to municipal agencies, local governments, and educational institutions in Montgomery County, Texas. As an agile, senior-directed firm, we possess the technical capabilities to architect, build, and deploy any custom digital solution—from standalone software tools to complex, highly scalable cloud integrations.

CORE COMPETENCIES

- **Full-Stack Custom Development:** End-to-end design, programming, and deployment of any bespoke internal tools, database systems, web portals, or enterprise-grade software applications.
- **AWS Cloud Engineering:** Architecting secure, scalable cloud-native architectures, implementing serverless workflows (AWS Lambda, API Gateway), and executing seamless cloud migrations to reduce public infrastructure costs.
- **Systems Integration & APIs:** Modernizing legacy architectures by engineering robust, secure application programming interfaces (APIs) to seamlessly bridge disparate on-premise and cloud software platforms.
- **Database Design & Optimization:** Designing, restructuring, and tuning relational databases (SQL) and high-performance cloud data warehouses to ensure absolute data integrity and strict security compliance.

DIFFERENTIATORS

- **Unrestricted Software Capabilities:** Uniquely positioned as a true end-to-end software engineering generalist, capable of building any custom application or system modification a municipality requires.
- **Discretionary Project Specialist:** Optimized to execute specialized, high-impact software and cloud builds under the $50,000 discretionary spend threshold, bypassing lengthy formal RFP backlogs.
- **Senior Enterprise Execution:** Powered by deep enterprise software architecture expertise, ensuring clean documentation, secure version control, and production-ready codebases.
- **Hyper-Local Footprint:** Based directly in Montgomery, Texas, providing direct communication, alignment, and absolute accountability that offshore or national agencies cannot match.

CORPORATE DATA

- **Legal Entity Name:** Few's Digital Enterprises LLC
- **Trade Name / DBA:** Few and Family IT
- **Business Structure:** Texas Limited Liability Company (LLC)
- **Primary Geographic Area:** Montgomery County, TX
